## **News from the Health Office:**

### **No Cough Drops in School**

Students are **not to carry cough drops** in their back packs for use during the school day. If cough drops are required, there is a Medication Authorization form from the Health Room that must be completed for any medication to be given at school (prescription or over the counter). This form needs to be filled out and signed by the Health Care Provider and then signed by the Parent and returned to the health room with the cough drops in their original package. Once this process is complete, the student can come to the Health Room and the Health Room Tech will give them a cough drop. Mints/candies are an alternative for dry throats that can be carried by the student so they can use as they need.
