

LEGO Engineering Riffenburgh Elementary School

Adventures in STEM using LEGO® Materials! Fall 2022

Wednesday's | 2:50-4:20 PM | November 02-December 14 | Grades K-2

Let your imagination run wild with tens of thousands of LEGO® parts! Build engineer-designed projects and use special pieces to create your own unique designs! Projects are rotated seasonally to ensure that both new and returning students can explore the endless creative possibilities of the LEGO® building system.

Kids are already naturally gifted creators. They dive into our massive collections of LEGO®. And while they build elaborate objects they explore fundamentals principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long lasting. **Learn more at play-well.org.**
